Hi team,

I want to thank each of you for your willingness to give of your time and energy in order to serve our future church planters during this critical phase of their ministry journey. We are blessed to have you on board! Please check out the logistics below, and pay particular attention to the **action item in red**. (Event schedules will be sent separately when they're available.) If you have any questions after looking over this email, don't hesitate to reach out.

### **Assessment Venue**

The assessment will take place at:

Salem Church  
634 Clove Rd.  
Staten Island, NY 10310

The church has a parking lot for those of you driving. If you will not have a vehicle, local transportation options are addressed in a separate section below.

### **Lodging**

Our block of hotel rooms will be here:

Hampton Inn & Suites Staten Island  
1120 South Avenue  
Staten Island, NY 10314  
(718) 477-1600

All hotel rooms and tax will be paid for in advance; however, expect to provide your own credit card upon check-in to cover any potential incidentals, per standard hotel procedure. NAMB will not cover any incidental charges incurred. **I will send each of you an individual email confirming which nights I have you down for.**

The hotel is approximately 20 minutes from the Newark Airport as well as the Staten Island Ferry to Manhattan. They do offer free parking for those of you commuting by car.

### **Event Transportation**

At our last assessment in November, Salem Church offered a van shuttle service between the hotel and the church on Tuesday evening and Wednesday morning. I am checking to see if that will be an option for this assessment retreat as well. I would, however, like to get a better read on how many vehicles/seats we will have among the assessor team in the event that carpooling needs to take place. **If you are driving to the assessment, please reply to me only and let me know how many additional seats you will have in your vehicle.** I will then assess the specifics of everyone's travel situations and see if I can come up with a plan that covers everyone's transportation needs. Worst case scenario, Ubers/Lyfts are always an option. But I would love to cut down on car service costs as much as possible.

Looking forward to seeing each of you in a couple weeks,

**Jamie Tulenko**
